PARISH SELF-STUDY

Mission

The life and mission of the Church requires that it be provided with competent ministers, effective organizations and appropriate resources in order to be effective stewards of God's gifts. The pastoral needs of the people in local communities will be identified, ever mindful of the larger church, and will call forth the gifts and resources necessary to serve those needs now and in the future.

Model Parish Document

The self-study is to be used in concert with the Model Parish document as it establishes a set of assumptions on which to evaluate parish life and strategize for the future.
